OFFICE OF PETITIONS

In re Application of :
Knoerle, et al. :
Application No. 09/383,145 : DECISION
Filed: 26 August, 1999 :
Attorney Docket No. BS99-010 :

This is a decision on the petition filed on 3 February, 2009, and properly considered as a petition requesting withdrawal of the holding of abandonment under 37 C.F.R. §1.181.

It is noted that the address on the petition is different than that of record.

If Petitioner desires to receive future correspondence regarding this application, the appropriate Notice must be submitted.

A courtesy copy of this decision will be mailed to Petitioner.

However, all future correspondence will be directed to the address of record until such time as appropriate instructions are received to the contrary.

The petition under 37 C.F.R. §1.181 is **GRANTED**.

As to the Request to Withdraw
the Holding of Abandonment

Petitioners always are directed to the Commentary at MPEP §711.03(c)(I) for guidance as to the proper showing and timeliness requirements for relief under 37 C.F.R. §1.181. Petitioners must, *inter alia*, provide statements and documentary support as set forth in the Commentary at MPEP §711.03(c)(I)—and with particularity to the requirements therein including statements of non-receipt at the address of record, search and non-discovery, with a description of docketing system and a statement of its reliability, and support for those the statements with copies of the docket record/file jacket cover and due date calendar/docket. (Further, the regulations at 37

C.F.R. §1.181 require that a Petitioner seek relief thereunder within two (2) months of the act complained of.)

BACKGROUND

The record reflects as follows:

Petitioner failed to reply to the Notice of Allowance/Allowability and Fees Due (copy enclosed) mailed on 9 May, 2006, with reply due under a non-extendable deadline or before 9 August, 2006.

The application went abandoned by operation of law after midnight 9 August, 2006.

The Office mailed the Notice of Abandonment on 5 October, 2006.

On 12 December, 2006, Petitioner submitted a Revocation/Power of Attorney, however, that paper does not appear to have been entered, and Petitioner appears to have made no inquiry in that regard thereafter.

On 3 February, 2009, Petitioner filed a petition averring, *inter alia*, non-receipt, of the Notice of Allowance/Allowability and Fees Due and sought withdrawal of the holding of abandonment pursuant to 37 C.F.R. §1.181—it is noted that the petition was filed more than two years after the Notice of Abandonment was mailed, and not a single Status Inquiry appears of record in that period. Turning to the 3 February, 2009, petition, Petitioner's showing is as follows:

- The instant application previously went abandoned after midnight 12 November, 2003, due apparently to failed mail delivery at the office of former Counsel—thereafter, the Office mailed a Notice of Abandonment on 4 February, 2004, and that matter was not resolved on first petition (filed 11 February, 2004, denied 5 May, 2004), and only resolved on second petition (filed 20 May, 2004, and granted on 27 February, 2006);
- However, in the interim a Revocation/Power of Attorney with certificate pursuant to 37 C.F.R. §3.73(b) was filed on 27 August, 2004, though not entered for reasons that are unclear (and Petitioner also appear not to have inquired as to that matter), with the result that the Notice of Allowance/Allowability and Fees Due mailed (re-mailed) on 9 May, 2006, was directed to the offices of former Counsel;
- Curiously, the 27 February, 2006, decision withdrawing the 4 February, 2004, holding of abandonment appears to have been received by Petitioner, however, Petitioner appears to have taken no action at that time to correct the Office error as to Counsel/Correspondence Address—and in any case, Petitioner appears not to have associated a Customer Number with the instant application in order to have on-demand information as to events/transactions in an application;

- As previously indicated, it was not until 3 February, 2009, that Petitioner filed a petition pursuant to 37 C.F.R. §1.181, and while Petitioner appears to have ignored the guidance in the Commentary at MPEP 711.03(c)(I), what is clear from the record is that the 9 May, 2006, Notice of Allowance/Allowability and Fees Due was directed to the offices of prior Counsel and not those of Petitioner as would have been proper pursuant to the 27 August, 2004, Revocation/Power of Attorney (with certificate pursuant to 37 C.F.R. §3.73(b)).

The discussion at MPEP 711.03(c)(I) provides in pertinent part:

The showing required to establish nonreceipt of an Office communication must include a statement from the practitioner describing the system used for recording an Office action received at the correspondence address of record with the USPTO. The statement should establish that the docketing system is sufficiently reliable. It is expected that the record would include, but not be limited to, the application number, attorney docket number, the mail date of the Office action and the due date for the response.

Practitioner must state that the Office action was not received at the correspondence address of record, and that a search of the practitioner's record(s), including any file jacket or the equivalent, and the application contents, indicates that the Office action was not received. A copy of the record(s) used by the practitioner where the non-received Office action would have been entered had it been received is required.

A copy of the practitioner's record(s) required to show non-receipt of the Office action should include the master docket for the firm. That is, if a three month period for reply was set in the nonreceived Office action, a copy of the master docket report showing all replies docketed for a date three months from the mail date of the nonreceived Office action must be submitted as documentary proof of nonreceipt of the Office action. If no such master docket exists, the practitioner should so state and provide other evidence such as, but not limited to, the following: the application file jacket; incoming mail log; calendar; reminder system; or the individual docket record for the application in question.¹

Petitioner's reply to the Notice of Abandonment is late under the rule (37 C.F.R. §1.181), and Petitioner is reminded of the guidance set forth in the Commentary at MPEP §711.03(c)(C) ("Treatment of Untimely Petition To Withdraw Holding of Abandonment") in this regard, which provides in pertinent part:

¹ See: MPEP §711.03(c)(I)(A).

C. Treatment of Untimely Petition To Withdraw Holding of Abandonment

37 C.F.R. 1.181(f) provides that, *inter alia*, except as otherwise provided, any petition not filed within 2 months from the action complained of may be dismissed as untimely. Therefore, any petition (under 37 C.F.R. §1.181) to withdraw the holding of abandonment not filed within 2 months of the mail date of a notice of abandonment (the action complained of) may be dismissed as untimely. 37 C.F.R. §1.181(f).

Rather than dismiss an untimely petition to withdraw the holding of abandonment under 37 C.F.R. §1.181(f), the Office may require a terminal disclaimer as a condition of granting an untimely petition to withdraw the holding of abandonment.

3. Utility and Plant Applications Filed on or After May 29, 2000

In utility and plant applications filed on or after May 29, 2000, a terminal disclaimer should **not** be required as a condition of granting an untimely petition to withdraw the holding of abandonment. This is because any patent term adjustment is automatically reduced under the provisions of 37 C.F.R. §1.704(c)(4) in applications subject to the patent term adjustment provisions of the American Inventors Protection Act of 1999 (AIPA) if a petition to withdraw a holding of abandonment is not filed within two months from the mailing date of the notice of abandonment, and if applicant does not receive the notice of abandonment, any patent term adjustment is reduced under the provisions of 37 C.F.R. §1.704(a) by a period equal to the period of time during which the applicant “failed to engage in reasonable efforts to conclude prosecution” (processing or examination) of the application.

Where the record indicates that the applicant intentionally delayed the filing of a petition to withdraw the holding of abandonment, the Office may simply dismiss the petition as untimely (37 C.F.R. §1.181(f)) solely on the basis of such intentional delay in taking action in the application without further addressing the merits of the petition. Obviously, intentional delay in seeking the revival of an abandoned application precludes relief under 37 C.F.R. §1.137(a) or (b) (***).

Out of an abundance of caution, Petitioners always are reminded that the filing of a petition under 37 C.F.R. §1.181 does not toll any periods that may be running any action by the Office and a petition seeking relief under the regulation must be filed within two (2) months of the act complained of (see: 37 C.F.R. §1.181(f)), and that those registered to practice and all others who make representations before the Office must inquire into the underlying facts of representations made to the Office and support averments with the appropriate documentation—since all owe to the Office the continuing duty to disclose.²

² See supplement of 17 June, 1999. The Patent and Trademark Office is relying on Petitioner’s duty of candor and good faith and accepting a statement made by Petitioner. See Changes to Patent Practice and Procedure, 62 Fed. Reg. at 53160 and 53178, 1203 Off. Gaz. Pat. Office at 88 and 103 (responses to comments 64 and 109)(applicant obligated under 37 C.F.R. §10.18 to inquire into the underlying facts and circumstances when providing statements to the Patent and Trademark Office).

The availability of applications and application papers online to applicants/practitioners who diligently associate their Customer Number with the respective application(s) now provides an applicant/practitioner on-demand information as to events/transactions in an application.

STATUTES, REGULATIONS

Congress has authorized the Commissioner to "revive an application if the delay is shown to the satisfaction of the Commissioner to have been "unavoidable." 35 U.S.C. §133 (1994). And the regulations at 37 C.F.R. §1.137(a) and (b) set forth the requirements for a Petitioner to revive a previously unavoidably or unintentionally, respectively, abandoned application.^{3, 4}

Moreover, the Office has set forth in the Commentary at MPEP §711.03(c)(I) the showing and timeliness requirements for a proper showing for relief under 37 C.F.R. §1.181 in these matters.

Allegations as to the Request to Withdraw the Holding of Abandonment

The record evidences a satisfactory presentation of the showing requirements under the Rule.

CONCLUSION

The petition as considered under 37 C.F.R. §1.181 is **granted**, and the 5 October, 2006, Notice of Abandonment is **vacated**.

The instant application is released to the Technology Center/AU 2614 for further processing as necessary in due course—*specifically to include the re-mailing of the 9 May, 2006, Notice of Allowance/Allowability and Fees Due.*

Petitioner may find it beneficial to view Private PAIR within a fortnight of the instant decision to ensure that the revival has been acknowledged by the TC/AU in response to this decision. It is

³ See: Changes to Patent Practice and Procedure; Final Rule Notice, 62 Fed. Reg. at 53158-59 (October 10, 1997), 1203 Off. Gaz. Pat. Office at 86-87 (October 21, 1997).

⁴ The language of 35 U.S.C. §133 and 37 C.F.R. §1.137(a) is clear, unambiguous, and without qualification: the delay in tendering the reply to the outstanding Office action, as well as filing the first petition seeking revival, must have been unavoidable for the reply now to be accepted on petition. (Therefore, by example, an unavoidable delay in the payment of the Filing Fee might occur if a reply is shipped by the US Postal Service, but due to catastrophic accident, the delivery is not made.) Delays in responding properly raise the question whether delays are unavoidable. Where there is a question whether the delay was unavoidable, Petitioners must meet the burden of establishing that the delay was unavoidable within the meaning of 35 U.S.C. §133 and 37 C.F.R. §1.137(a). And the Petitioner must be diligent in attending to the matter. Failure to do so does not constitute the care required under Pratt, and so cannot satisfy the test for diligence and due care. (By contrast, unintentional delays are those that do not satisfy the very strict statutory and regulatory requirements of unavoidable delay, and also, by definition, are not intentional.))

noted that all inquiries with regard to that change in status need be directed to the TC/AU where that change of status must be effected—that does not occur in the Office of Petitions.

Telephone inquiries regarding this decision may be directed to the undersigned at (571) 272-3214—it is noted, however, that all practice before the Office is in writing (see: 37 C.F.R. §1.2⁵) and the proper authority for action on any matter in this regard are the statutes (35 U.S.C.), regulations (37 C.F.R.) and the commentary on policy (MPEP). Therefore, no telephone discussion may be controlling or considered authority for Petitioner's action(s).
